

**Location:**

UK - Northamptonshire and surrounding counties

Salary:

£31,000 - £36,000 per annum + Pension, Overtime, Van, Fuel Card, uniform.

Job type:

Permanent, Hourly paid

Company:

SEC Electrical Ltd

Industrial Commercial Technician

We are looking for an Industrial Commercial Technician to carry out electrical installations and support our growing customer base. The role will cover small projects & installation work throughout Northamptonshire and surrounding counties. We are medium sized electrical contractors covering a wide and varied range of industries. Within this role you will be required to undertake small project and liaise with customers.

This is an amazing opportunity for an Industrial Commercial Technician looking for a varied role to become a valuable member of the team whilst being able to work independently. We are looking for someone who is keen and experienced in an Industrial environment.

The Role:

- Installation work on a variety of customers sites
- Industries such as printing, food, building products, quarries, health and education
- This role involves travelling throughout the Midlands – with some potential overnight stop overs

The Person:

- Industrial / commercial Technician
- Electrical installation skills covering industrial and commercial
- Good understanding of electrical regulations (BS7671:2011)
- City & Guilds 2394/2395 or 2391

Other Useful Knowledge:

- Various types of transducers including level, temperature and pressure.
- Inverter drives and soft starts.

If you are interested in applying for this position, please forward your CV to recruitment@secelectrical.uk
